SQUAD TRAIL / FREE PLAY

KAREEM

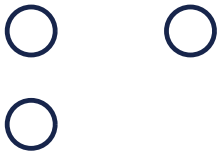

COUNT & CREATE

Count a little. Notice a little. Make it your own.

1. Point to the card with four dots.
2. Add dots so every card has four.

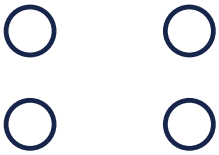

A

B

C

3. Keep the shape trail going.

Circle, triangle, circle, triangle... what comes next?

TRY ANOTHER WAY

On the back, invent a different trail. Can someone continue it?

Grown-up guide: C starts with four dots. Add 1 to A and 2 to B.
Leave C as it is. The next shape is a circle. Point and count together.

Keep your finished page at home. No sign-up, photos or uploads.
